Dear Mr. Rinehuls:

Recently, I received a letter from the Director of the Office of Agency Planning indicating GSA is updating the GSA Computer Standards List of Federal Agency Points of Contact. Mr. Bruce T. Johnson, Director of Data Processing received a similar letter. The GSA list is used for:

- Soliciting comments and recommendations on GSA's Government wide ADP and Telecommunication standards policy;
- Notifying agencies of changes to the Federal Procurement Management Regulations (FPMR) as they affect procurement and use of Federal ADP and Telecommunication standards; and
- Advising agencies of changes in the GSA ADP/Telecommunication standards compliance program.

Mr. Johnson and I were asked to update our names and addresses. Please remove Mr. Johnson's name from the GSA Computer Standards List and update my name and address as follows:
